

# Make a gnome!

Make a grandpa gnome for your gnome family! Simply grab a toilet roll tube, a glue stick, paint and this print out. Carefully cut around the pieces here, paint your toilet roll any colour you want and wait for it to dry. Next, glue on the face and beard, then add the hat like we have here...

Share your creations with us!

### Top tip!

Make a grandma gnome too but printing out another copy of the page, adding just the face and hat then design her a dress with colourful pens!

Here's one we made!
